

Caring is
at the heart
of everything
we do

Bass Coast

Operating across Phillip Island and the Bass Coast, our community services program offers a range of social, health and wellbeing activities including:

- ✓ Arts and craft activities
- ✓ Day trips and group outings
- ✓ Games and quizzes
- ✓ Guest speakers and themed days
- ✓ Gentle exercise and stretches

Our Carers' Support Group has a strong reputation for helping carers look after themselves while caring for the needs of others. The group provides education, support, and opportunities for carers to meet, exchange ideas, socialise and support each other in their caring role.

Our Community Services are for people aged over 65, under the Commonwealth Home Support program (CHSP). Private funding is also available. Our Carers Support Group is open to those who are caring for another due to age, disability or frailty.
